Aerowaves – Apply Now

Applications to Aerowaves are now open. Artists and companies can apply for performance opportunities around Europe in 2012, in one application, including the Spring Forward festival. We try to keep this process as simple as possible, and this year is no exception. However, we have made some changes, and you must now upload your work to Vimeo (www.vimeo.com). Please check the guidelines which can be found in English, French, Italian, German and Spanish on our website (www.aerowaves.org).

Eligibility for Aerowaves

Applicants resident in Europe

- Work made in geographical Europe
- Work between 15 and 40 minutes duration
- Work that can share a triple bill, with simple technical requirements
- Work by postgraduate but not undergraduate students
- Correct submission of application form, with video uploaded to Vimeo and DVD by post
- Previous Aerowaves applicants, successful or unsuccessful, may apply with a different work
- Applications that are received not later than Monday 19 September 2011

Criteria for selection

Some of the qualities that have guided us in the last 15 years:

- The work is propelled by a good idea
- Choreographed with an originality motivated by this idea
- Which has the confidence to omit the superfluous
- With a clear and sturdy structure
- Danced with clarity, verve, commitment and assurance
- That will look good presented under limited technical conditions
- From a company that has not toured much abroad
- But whose experience might be enriched through Aerowaves
- And that will have a future

How to apply to Aerowaves

- Upload your work to Vimeo at www.vimeo.com
- Complete the online Aerowaves application form at www.aerowaves.org
- When your uploaded work has been agreed as eligible by email, post an identical DVD of the piece you wish to present (with your company name, email address and the title of the work clearly marked) to: Aerowaves, The Place, 17 Dukes Road, London WC1H 9PY, UK
- Only one work may be submitted by each choreographer or company
- Applications must be completed by Monday 19 September 2011

The video should be a simple record of a public performance from beginning to end, if possible including close-up and wide shots as appropriate. Promotional videos are not acceptable, and neither are videos of any piece other than that which you want to perform. Please do not submit videos longer than 40 minutes or less than 15 minutes since they will not be considered. If you are applying with a shortened version of a longer work, it must be edited to the short version on the video. DVDs must play on a standard DVD player. Those that will only play on a computer will not be eligible.
